## EDUCATION

### ESSEC Business School

Paris, France

*Global Bachelor of Business Administration*

*September 2023 – June 2027*

- **GPA:** 17.75/20 (FR), 4.0/4.0 (U.S.), Class Rank: 4/667, Internship availability: January – June 2027.
- **Honors:** Dean's List, Class of 2027 Representative.
- **Relevant Coursework:** Financial Statement Analysis, Investment Banking & Valuation, LBO Modeling, Derivative Securities, and International Finance.

### International Business Education Alliance (IBEA)

Germany, United States, Singapore, Brazil

*Two Year Exchange Program*

*January 2025 – December 2026*

- **About:** 1 of 10 ESSEC students selected, completing semester-long academic rotations at: Mannheim University (Germany), UofSC (U.S.), FGV EBAPE (Brazil), and ESSEC (Singapore Campus).
- **Consulting Residency:** Executing four strategy consulting projects for local corporate clients across rotations; conducted market entry feasibility studies, industry analyses, and financial viability assessments.

## PROFESSIONAL EXPERIENCES

### Macquarie Group

London, United Kingdom / Paris, France

*Incoming Credit Risk Intern (Spring Insight Offer Converted)*

*Summer 2026*

- Supporting assessment of leverage, capital structure, and downside risk across commodity transactions.

### Deloitte

Dusseldorf, Germany

*Audit Intern (Energy) with Consulting Project Exposure*

*June 2025 – August 2025*

- Analyzed EBITDA drivers and capital structures for Tier-1 Energy clients, assessing financial health and ensuring adherence to sector-specific regulatory and financial modeling standards.
- Modeled downside and stress-case scenarios to assess capital at risk and strategic operational risks for U.S. energy projects, in collaboration with the consulting arm, accounting for geopolitical volatility.

### Ernst & Young

Dusseldorf, Germany

*Audit Intern*

*June 2024 – August 2024*

- Performed fundamental analysis and substantive testing on 20+ financial statements (\$1M+ revenue), identifying accounting discrepancies and evaluating areas for operational improvement.
- Collaborated with senior management to streamline the delivery of critical financial data, providing analytical support that identified key reporting risks and enhanced the overall reliability of financial disclosures.

## EXTRACURRICULAR EXPERIENCES

### ESSEC Club of Economics

Paris, France

*Financial Analyst*

*October 2024 – Present*

- Conducted rigorous bottom-up fundamental analysis and DCF valuations for REITs to identify alpha-generating opportunities; pitched high-conviction 'Buy/Sell' recommendations based on interest rate sensitivities during internal club stock pitches.

### INSEAD Energy Investment Game

Singapore, Singapore

*Finalist (2<sup>nd</sup> Place)*

*March 2026*

- Selected as an ESSEC BBA invitee to pitch a \$240M solar project finance case to energy executives. Developed a 70/30 project finance model, stress-testing against DISCOM payment delays and curtailment.
